****Tim Crawford, in 2005 worked with legal counsel and US Consulate people to develop a package to permit him travel privileges for calling square dances in the states at a cost of over \$7,000.00 of his own money. Recently, a singular Border Guard declared him an "illegal immigrant", refusing to review his "Border Crossing Package". Authorities have assured him this will be corrected but it could take up to 6 months. A BIG Thank You to Mike Sumpter for agreeing to call. ****
